**Aligned Clinical & Educational Services (ACES)** is recognized as the leading provider of deaf services in Central Virginia. We specialize in customized application of evidence-based interventions for children and adults who are deaf or hard-of-hearing, particularly those with literacy learning challenges.

**Our clients' trust** and well-being is at the forefront of everything we do. We serve people from all walks of life and of all ages—from toddlers to seniors—who rely on ACES to meet a broad range of needs. Above all else, we value trust and empathy as core elements of our work, treating each other and our clients as valuable, unique individuals. We prioritize individual and family values to create a long-term culture of support among our staff and clients.
